SUMMARY

Front-end web developer with a Bachelor of Science in Information Systems from the University of Texas at Arlington. Recently earned a certificate in full stack development from the Southern Methodist University Coding Bootcamp, with newly developed skills in HTML, JavaScript, CSS, React.js, and responsive web design. I believe my skills in writing clean code and problem solving will complement my passion to create responsive web applications and make team projects more efficient and enjoyable. I am excited to use my new found skills and my passion for learning to begin a new opportunity in an industry that can benefit me as much as I can benefit it.

TECHNICAL SKILLS

Languages: JavaScript ES6+, CSS3, HTML5, SQL, NoSQL

Applications: GitHub, MongoDB, MySQL

Tools: Express, React, Node, Handlebars, Query, Bootstrap

PROJECTS

Food For your Brews | <https://pricosaint.github.io/FoodforyourBrews/>
